## **Clinical Manager, B2 – General Surgery, Inpatient Surgery Program**

**Temporary Full-Time until Sept 18, 2019**

**The Ottawa Hospital**

One of Canada's largest teaching and research hospitals, The Ottawa Hospital is a multi-campus academic health sciences centre serving the 1.2 million residents of Ottawa and Eastern Ontario, in both English and French. Working together with its research institute, the University of Ottawa, and other partners, the hospital is continually gaining national and international recognition for high-quality patient care, teaching and research.

The Ottawa Hospital is seeking a high energy, flexible, dynamic healthcare leader to join its team in an exciting opportunity to serve as **Temporary Full-Time Clinical Manager, B2 General Surgery, Inpatient Surgery Program.**

The B2 General Surgery Unit is a 30 bed unit specialized in the care of patients with acute surgical conditions. This unit specializes in pre and post-operative care of our General Surgery, Plastics, Urology and Ear Nose and Throat patients. This is a diverse patient population, sometimes presenting with a wide range of complex medical and psychosocial challenges. The unit provides a full range of clinical services for adult patients from education, social services, primary prevention and acute care, to discharge follow-up using a multidisciplinary team approach.

The Clinical Manager is accountable for the coordination and management of all services within the B2 General Surgery Unit. This position will also be integral to upholding the vision of TOH, to provide each patient with the world-class care, exceptional service and compassion that we would want for our loved ones.

### **Essential knowledge and experience**

- Bachelor's Degree in Nursing
- Five (5) years clinical and management experience combined

### **Competencies**

- Strong leadership skills to support and provide direction to staff in a highly stressful and rapidly changing environment
- Proven ability in working effectively with all members of health care team;
- Excellent oral/written communication skills
- Excellent organizational, interpersonal, problem solving, negotiation, conflict resolution and decision making skills

- Knowledge of statistics and ability to analyze fiscal patient care data
- Knowledge of Hospital policies and procedures, relative legislation, collective agreements, Canadian Hospital Association Standards, College of Nurses of Ontario Standards of Nursing Practice, nursing theories and a research based professional role
- Knowledge of other health care disciplines and their role in patient care
- Knowledge of budgeting process
- Knowledge of computers
- Ability to maintain a high level of concentration in a busy working environment.

### **Preferred Qualifications**

- Master's Degree in a Management, Nursing or Administration related program
- Three (3) to five (5) years experience in General Surgery, Vascular, Urology or another surgery specialty
- Proficiency in English and French – oral expression (advanced level) and comprehension (advanced level)
