

saveONenergy<sup>SM</sup>  
**FOR BUSINESS**

**“We’re saving over \$250,000 a year on electricity thanks to the incentives that helped fund the installation of new energy-efficient lighting and equipment.”**

Faris Rashid, -  
Energy Manager, The Ottawa Hospital -

## Saving energy makes sense – business sense.

**Get up to 50% off project costs, including:**

- Energy audits
- Energy-efficient lighting
- Equipment and system upgrades
- Energy-efficient new construction

Energy efficiency incentives from your local electric utility are available for **institutions** of all types. Whether you manage a **hospital, a school, or a municipal building**, you may be covered for up to 50% of your project costs, including lighting and equipment upgrades and energy audits to help identify opportunities that can lower operating costs.

**Big or small, every Ontario business can benefit from energy efficiency.**

Contact your local electric utility or visit [saveonenergy.ca/institutional](http://saveonenergy.ca/institutional)
