

Introducing  
the  
**Atlas Alliance**

# Who we are

Six health-care organizations from across the Champlain LHIN have formed the Atlas Alliance. This partnership will deliver a world-class health information system transforming health care for the patients we serve.

✓ Apportez tous vos médicaments (peu importe la provenance) à chaque rendez-vous.  
Mise à jour de la politique 30/11/2015

✓ Bring all of your medications (no matter where they are obtained) to each appointment.  
If you need any prescriptions re-filled? Please speak to the doctor.  
Policy updated

## Tendinopathy, pain and USS

- tendinopathy is not an inflammatory condition but failed healing process that causes degenerative changes of the tendon structure, neovascularization, and nerve ingrowth.
- The associated pain is due to the neovascularization and nerve ingrowth in the tendon and is therefore a useful parameter in the diagnosis and subsequent clinical monitoring

Ohberg L, Alfredsson H. Effects on neovascularization behind the good results with eccentric training in chronic mid-portion Achilles tendinopathy. *Knee Surg Sports Traumatol Arthrosc*. 2004;12(5):465-470. 27.

Ohberg L, Lorenzini M. Neovascularization in Achilles tendons with painful tendinopathy: an investigation. *Knee Surg Sports Traumatol Arthrosc*. 2001;9(2):103-107.
